

March Subcontracting Madness

presented by:

Steve Purcell, Fellow
Sr. Contracts Manager, ViaSat

Just as you finish your brackets for the big NCAA tourney you can shift your focus to current topics and controversies in subcontracting under USG contracts. What new wrinkles are prime contractors using to shift risk to their subcontractors and suppliers? How about those "Sweet 16" compliance issues and thresholds that should be addressed in the flow-down provisions? What are the real "final four" issues that are causing impasse or impacting our ability to negotiate and perform? Please join NCMA San Diego in exploring the current state of this game!
